CATARRH

Immediate relief and cure for sufferers of Head Colds, Chronic Sore Throat, Congested Bronchial Tubes, Bronchitis, Laryngitis, Catarrhal Deafness, Asthma and Hay Fever. Not a medicine to upset your system, but simply a tablet which when dissolved in water makes a wonderful cleansing, soothing and healing antiseptic, which is especially adapted to the delicate membrane linings of the NOSE and THROAT, and, when used with the glass nasal douche which we supply, or as a gargle, will immediately remove the mucus by thoroughly cleansing the breathing passages of the nose and throat, consequently allaying the discharge and giving nature an opportunity to get the respiratory organs into a healthy condition. This can never be accomplished while the breathing passages are filled with poisonous discharge of the mucus membrane, and unless the breathing passages are cleansed and treated with a proper healing antiseptic, a slight cold will invariably result in Catarrh, LaGrippe, Sore Throat, cold in head or chest, and frequently results seriously.

ORMSBY'S NASAL DOUCHE treatments will positively relieve immediately, and will cure all diseases of the nose and throat, and will give wonderful relief to sufferers of Bronchial troubles and tuberculosis of the throat and lungs. To convince you that this advertisement states FACTS, sign the Coupon below, mail it to us with FIFTY cents, and we will immediately mail you a \$1.00 box of ORMSBY'S NASAL DOUCHE treatments containing Twenty-five treatments with glass nasal douche or forty treatments without the douche. The twenty-five treatments with douche will be mailed unless otherwise ordered. FREE—We will gladly mail you a valuable book with chart in five colors showing the Ormsby method by which diseases of the respiratory organs are treated.

One of the thousands of unsolicited testimonials we receive:
"Gentlemen:—Several months ago I was very much worried about a cold I had contracted and which had settled in my head, from which position it was apparently impossible to dislodge it. After suffering greatly for ten days or two weeks, a friend prevailed upon me to try Ormsby's Nasal Douche Tablets, with almost instantaneous results: In fact, the results were so extremely gratifying that I decided to continue the use of the Treatments in an endeavor to cure myself of catarrh, with which I had suffered for years and after taking the medicine according to directions for about six weeks I was entirely cured, and have not been able to detect the slightest trace of the disease since that time.

"I also recommended the use of the Treatments to a friend who had suffered for years with Asthma, and he has just left the office after informing me that the Tablets had actually cured him; that he had not felt a trace of the old trouble for more than two months, and that that had been the longest respite he had had for about twenty years.

"Now, gentlemen, this is the first time in my life that I have ever recommended in any way a so-called 'patent medicine', and I hope that you will take it as the evidence of one who sincerely appreciates the high merit of the article that you are placing upon the market as a curative agent. Very sincerely yours,
"JOHN R. MACLEOD, 1032 No. Bonnie Brae, Los Angeles, Cal."

PLAN TO COMPEL OBEDIENCE TO LAW

Solution of Liquor Problem Offered by National Model License League.

Head of Missouri Branch Discusses Big Convention to Be Held in St. Louis.

St. Louis, Mo., Jan. 17.—Great progress toward the proper solution of the liquor problem is expected to result from the third annual convention of the National Model License League, which is to be held at the Planters' hotel in St. Louis on Feb. 3 and 4.

While the league is financed by men connected with the liquor business and collateral trades, its convention will be addressed by prominent ministers and distinguished men who are not connected with the trade, but are interested in the solution of the liquor problem. The sessions will be open to the general public.

"The league has what it believes is the long sought solution, but it is not narrow-minded, and it seeks to get the benefit of the constructive views of men of brains," said Mr. Joseph Messner, president of the Missouri branch of the organization, adding: "The league is advocating a form of law that will take the liquor question out of politics and put the lawbreakers out of the business. When this has been accomplished then all will have been done that can be done by law in favor of true temperance."

Removal From Politics.
"Our plan would make the retailer independent of politicians by giving him a license that would continue in force, unless suspended or cancelled because of the holder's conviction of violation of law. Upon the first conviction the license would be suspended for thirty days, which is a severe penalty. Upon the second conviction the license would be cancelled and the holder would never again be allowed a license in Missouri. The judge could not play any favorites, for the conviction would carry with it the penalty provided in each case, and the judge would have no power to lessen or increase the penalty. Thus one judge would be the same as another to the liquor men."

"We oppose high license, because it is manifestly unfair to charge more than a reasonable sum for a license. If a dealer is law-abiding he should be allowed to make an equitable profit on his time, labor and capital. If he is not law-abiding he should not be allowed to continue in business. High license in depriving a dealer of his legitimate profits tends to compel him to deal in inferior goods. Also it should be remembered that a law-breaker, with political protection, can afford to pay a much higher license than a law-abiding dealer can pay."

"High license is advocated by some as a means of limiting the number of saloons, but the number of saloons can best be limited by a law that permits licenses to be issued in proportion to the population, say one license for each 500 of inhabitants."

"In all prohibition territory and in some license territory there is the blind tiger evil and this is a curse that should be blotted out. The only practical way is to destroy the market for the wares of the 'blind tiger' by licensing enough retailers to supply the reasonable demands of the people."

Big Daily Increase.
"The government's figures show that for the first five months of the present fiscal year there was a daily increase of 186,837 gallons in the amount of liquor being consumed. The prohibitionists claim that they put forty licensed saloons out of business every day last year, but the government's figures show that the net decrease in the number of retailers paying federal tax was only 2 per cent for the year. The question for the people to decide is how to regulate a business that is growing faster than prohibition is spreading."

"Since the league was organized two years ago five states have adopted model license laws in modified form and in each case the various clauses have proven factors in behalf of good government."

"We have associations in all but fourteen states of the Union, and in Missouri our membership almost absolutely comprises that of the Manufacturers' and Merchants' association, which, in effect, we recently absorbed. Our policy is to make of the saloon a place in which no drunken man can purchase liquor, to make of it a workingman's club in those sections where a workingman's club should be existent, and to put all those restrictions around a saloon which would exist under the best state of morals."

The headquarters of the league are in Louisville, Ky. The national officers are: T. M. Gilmore, president; George G. Brown, vice president; Graeme McGowan, treasurer; G. R. Washburne, secretary; D. M. Smith, general counsel.

The officers of the Missouri branch are: Joseph Messner, president; F. A. Hugo, vice president; H. G. Schmidt, treasurer; John L. McCormack, secretary; Frank H. Farris, attorney. The Missouri directors are: H. R. Williams, Hewey Duplex, Louis Idler and Fred J. Bremer.

Oklahoma Farm Lands for Sale Very Cheap.

Ten thousand acres of fine unimproved farm lands for sale, \$5 to \$10 per acre, in McCurtain county, Oklahoma. Health is good, climate mild; plenty of rainfall; crop failures an unknown quantity. These lands are very productive, and will grow cotton, corn, wheat, alfalfa, and, in short, anything you are desirous of raising. Please write me at once if you want a nice unimproved farm at a very low price.

I want to locate 500 good farmers in this county, and if you will get in communication with me and mean business will assure you it will be the best move you ever made. Come direct to Garvin, Okla., and hunt me up.

A Wild Blizzard Raging brings danger, suffering—often death—to thousands, who take colds, coughs and lagrippe—that terror of winter and spring. Its danger signals are "stuffed-up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-gripping cough. When Grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss. "after being laid up three weeks with Grip." For sore lungs, Hemorrhages, Coughs, Colds, Whooping Cough, Bronchitis, Asthma, it's supreme. 50c, \$1. Guaranteed by all druggists.

After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nerve, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.
The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nerve should be taken for some time to thoroughly restore nerve strength.

Dr. Miles' Nerve is sold by all druggists. If the first bottle does not benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

Crossing the Biggest Pond.

U. S. S. New Orleans, Mare Island, Cal., Jan. 5, '10. Editor The Herald:
I just received your paper this morning, and needless to say I was glad to receive it.

On November 15th last, fifty ordinary seamen from the Pensacola, 175 men from the St. Louis, and about 140 from the Cheyenne, placed the New Orleans in commission, with Captain Knapp in charge. A few days later the ship was turned over to Captain Roger Wells, who will take our ship to the Asiatic station Saturday morning.

Placing a ship in commission is always a very hard job, and it was especially so with the New Orleans, for she had been out of commission over five years.

The first thing done was the putting aboard of the paymaster's and medical stores, etc. Then came the coaling of the ship, the putting of fresh water aboard, holly-stoning the deck, and—oh, a thousand and ten other things that have to be done. However, at last we are through.

We leave Saturday morning for the far-away Asiatic station, where we will see the Japs' country, the Fiji Islands and countless other places dear to a sailor's heart.

Oh, but the worst comes last! We are carrying about a hundred passengers and a hundred men who are to be left over there and not come back to Frisco with the New Orleans; they have to stay there until their time is up. I sure pity the unlucky ones. And I do hope they don't leave me; no telling, tho, who will be the unlucky ones.

The training station for the marines is on Mare Island. The marines had a very strong football team. The were the champions of the Pacific Coast. They had challenged the Cheyenne's crew for a game, and when their was transferred to the New Orleans we took a notion we would like to give them a game and be shown a thing or two in football. On the 12th of December our bunch went out for practice. The first and second days we practiced by ourselves. On the third day the Wing V coach, a splendid chap, came over and coached us, and for three afternoons, about an hour each day. On the 18th we went up to the marine barracks and beat them 6-0. Our captain and first lieutenant were up to the game and rooted as loud as anyone. By winning that game we won the championship of the Pacific Coast in the Navy, Army and Marine Corps.

I shall send you a picture of our team. Its average weight on the day of our game was 178 pounds.

As it is long past taps, I shall have to quit writing for this time. May write again from the Asiatic station and send you some more snap-shots of scenes in the tropical countries.

Fred McGuire.

OLD SOLDIERS, ATTENTION.

Any old soldier who made a homestead entry of 40, 80 or 120 acres in any State in the Union before the year 1874 has a claim coming to him from the Government provided he has never sold this right or taken up another homestead.

It does not make any difference whether he proved up on his original homestead entry or simply left it.

A soldier who never made a homestead entry, or one who entered land after June 22, 1874, has nothing to sell.

We buy these claims. The widow or heirs of a soldier can also sell these rights.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes. "My skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters, cured me. I regained the 40 pounds lost, and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at all drug stores.

The Young Republicans and the Young Men's Republican Auxiliary will meet in St. Louis February 12, Lincoln's Birthday.

We buy split second-growth hickory 17 inches long for hammer handles. See us about it.—LaPierre-Sawyer Handle Co.
